

Bredon, Bredon's Norton and Westmancote Parish Council

April 2019, Issue 64

Dog mess courtesy

We have received a number of complaints from parishioners regarding dog mess. Please remember to pick up any mess your dog does, and not leave it for children to slip in.

One area of concern is the walk to Kemerton lakes, from Queensmead, down past the greenhouses. This is private land, so we cannot install any dog bins, but there are bins located by Westmancote Bus Shelter and by the entrance to Queensmead.

Village Hall updates

A number of improvements have been made to Bredon Village Hall:-

- The hearing loop has been fixed.
- A table trolley, to help move the tables around, have been delivered.
- A new Village Hall sign and noticeboard have been ordered.

Defibrillator Project updates

The latest update on the Defibrillator project is:-

- A new defibrillator has been installed at Bredons Norton Village Hall.
- We have all the paint and signage ready, but waiting for nicer weather.
- We are arranging for CPR and Defibrillator training - WATCH THIS SPACE FOR MORE INFORMATION

Traffic Group meeting

The traffic group had a successful initial meeting with Councillor Hardman and Highways representatives from Worcestershire County Council, where we explained existing and future traffic issues in our Parish.

Smartwater Project Update

The Smartwater Project is progressing very well. We have distributed approximately 50% of the Smartwater kits, we have purchased to parishioners, and will continue to do so over the coming months.

We have held 4 sessions at Bredon Village Hall and 1 in Bredon's Norton Village Hall. Thank you again for all the volunteers who helped give up their time to hand out, and register, the Smartwater kits.

The police are really pleased with the success of the project, and have agreed to give us some signs (see example), so we can start placing signage around the parish. We are planning to position the signs at the entrances to all the villages within our parish, hopefully deterring criminals from targeting our parish.

Planning Applications

The Parish Council's role is only advisory. For more details, please refer to www.wychavon.gov.uk.

For consideration by Wychavon:

W/19/00298 - Cleveland Cottage, Cheltenham Road, Kinsham. Two storey rear extension. PC has no objections.

W/19/00115 - St Ives, Chapel Lane, Westmancote. Reconstruction of front dormer, new porch to front elevation, first floor rear extension, internal alterations - as approved under planning permission ref. no. 17/00526 but not in accordance with condition no. 4 (to amend approved drawings). PC has no objections - subject to additional small window being linked to the fire alarm, and fitted with opaque glass, and only opened in fire emergencies.

Date of Next Meeting(s):

Monthly Meeting

Monday 8th April

takes place in Bredon Village Hall at 7:15pm

Annual Parish Meeting

Monday 29th April

takes place in Bredon Village at 7pm
